

AVANT GARDE CLEAN ROOM & ENGG. SOLUTIONS PVT. LTD.

COMPANY PROFILE

“Avant Garde” as the name suggests is a forward looking & progressive company, providing complete engineering solutions especially for Clean room applications like Pharmaceuticals, Biotech, Hospitals, Food Processing, Containment, Semicon, Electronics, Photo Voltaic etc. “Reliability”, “Innovation”& “Ethics” are core values of the organization.

The company endeavours to undertake complete turnkey services starting from concept development, detailed design engineering, supply, installation, commissioning, validation & life cycle support. The company’s core strength lies in offering complete solutions for HVAC, Internal Fabric, Electricals, Building Management System (BMS), Fire detection & Protection through our in house teams & valued partners with immaculate project management, with all the modern tools and equipment. *Reference list of projects undertaken is enclosed as “Current Commitments”*.

“Avant Garde” is one of the very few companies who are focussed primarily on clean room business – having the ability & knowledge to translate user needs & deliver a well-integrated seamless engineering installation. Our knowledge has, in fact evolved with pharma industry and is in sync with the cGMP requirements, in terms of engineering, layouts, workmanship, validation & documentation, life cycle support.

“Avant Garde” has well documented systems & SOPs for various stages of the projects – design, engineering, Installation, FQPs etc. to take care of stringent documentation needs also – DQ, IQ, OQ & PQ, systematically & logically. Our in house dedicated well equipped teams & long standing partners, take care of validation services as per ISO 14644.

The promoters of the company have been involved in similar businesses in several organizations like Flakt, ABB and Siemens on important key positions & have been instrumental in delivering some very successful installations over the last two decades - *references of their past association in different illustrious projects is attached as “List of past experience”*.

“Avant Garde” also represents M/s York (Johnson Control)  for chillers, M/s Synergy Thrislington  for cleanroom partition panels & M/s Automated Logic Corporation  for Building management system.
